\*All Times are EST\*

\*Sessions on June 13th will be recorded and made available post-summit.

12:00 - 1:00 PM

## Licensure

### SPEAKERS

- Carmel Shachar, J.D., M.P.H. | Assistant Clinical Professor of Law, Faculty Director, Health Law and Policy Clinic | Center for Health Law and Policy Innovation (CHLPI), Harvard Law School

### KEY QUESTIONS

- How are federal telehealth agencies addressing interstate licensure challenges and what initiatives are streamlining this process?
- How do current state licensure requirements impact the scalability of telehealth services across different regions?
- How can licensure standard evolve to keep pace with advancements in digital health technologies while ensuring patient safety?

1:00 - 2:00 PM

## Reimbursement

### SPEAKERS

- Carol Yarbrough, MBA, CHC, CPC, OCS, CCA | Telehealth Business Operations Manager | UCSF Health

### KEY QUESTIONS

- What are the current challenges and barriers to telehealth reimbursement under various insurance plan, including Medicare and Medicaid?
- How can reimbursement models evolve to better support telehealth services and ensure sustainability and scalability?
- What role do state and federal regulations play in shaping reimbursement policies for telehealth, and what changes are anticipated in the near future?

2:00 - 3:00 PM

## Privacy & AI

### SPEAKERS

- Joe McMenamin, JD, MD | Partner | Christian & Barton

### KEY QUESTIONS

- How do current privacy laws accommodate the use of AI in telehealth, and where are the gaps that need to be addressed?
- What are the ethical implications of using AI in patient care, especially in terms of data usage, consent, and transparency?
- How can healthcare providers foster compliance with HIPAA and other privacy laws when deploying AI?
